CORPORATE GOVERNANCE STATEMENT

This Corporate Governance Statement has been approved by the Board and summarises the Company's governance practices that were in place throughout the financial year ended 30 June 2017 (Financial Year).

The Board of Directors of the Company has adopted a corporate governance framework consistent with the 3rd edition of the ASX Corporate Governance Council Principles and Recommendations (ASX Recommendations).

For further information on corporate governance policies adopted by the Company, which are referred to in this Corporate Governance Statement, refer to the Company's website www.primemedia.com.au and to the relevant sections of the Annual Report for the Financial Year as indicated.

BOARD OF DIRECTORS

BOARD COMPOSITION

The Board is structured to provide a mix of qualifications, skills, experience, expertise and diversity to enable it to effectively discharge its responsibilities and to be of a size that facilitates effective discussion and is conducive to efficient decision-making.

Board composition is determined by applying the following principles, which are overseen by the Remuneration and Nomination Committee:

- The number of Board members will be a minimum of 3 members and a maximum of 12 members;
- The Board consists primarily of non-executive directors and includes a majority of independent directors;
- The Chairman of the Board is an independent non-executive director; and
- The Directors possess a broad range of skills, qualifications and experience.

Details of the background, particular qualifications, expertise and period of service of each director are set out in the Directors' Report section of the Annual Report.

BOARD SKILLS

The Board of Directors, as the Company's highest governance body, is responsible for overseeing management in the overall operation of the Group and, in particular, the long-term growth and profitability of the Company. The Board's succession policy is therefore focused upon maintaining a director membership with an appropriate mix of qualifications, skills, experience and diversity that will enable it to appropriately and effectively oversee the Company's strategic direction.

The following strategic priorities are regarded to be key drivers of long term shareholder value creation:

- Maintenance of strong advertiser relationships and perpetuation of the market leading sales force to maintain a revenue opportunity in excess of audience share.
- Pursuing sustainable and strategic opportunities through our program supply arrangements.
- Improving operational performance through reducing operating expenses where possible.
- Advocating for changes in legislation specific to the regional television industry in Australia in order to reduce barriers to corporate activity and licence fees, which will help maximise value for shareholders.

Current Board members have a broad range of experience and skills that complement the Company's current business needs.

The Directors as a Group contribute skills and experience in:

- Executive, operational and strategic leadership: Directorship and senior executive experience
- Governance: Prior directorships or experience participating in governance bodies
- Financial and risk management: Experience in financial accounting, and reporting, risk and internal controls
- Human Resources, remuneration and workplace health and safety: Experience in remuneration, including prior membership of a remuneration committee and participation in business advisory groups

BOARD RENEWAL

The Board seeks to regularly review its composition and its need for renewal in light of the Company's strategic objectives, future challenges and business needs.

The Company's Remuneration and Nomination Committee is tasked with the responsibility of reviewing, assessing and making recommendations on the desirable competencies of Board members. Further information regarding the committee's responsibilities is set out in the "Remuneration and Nomination Committee Charter" that is publicly available on the Company website.

BOARD INDEPENDENCE

The Company recognises the importance of its Board being made up of a majority of independent directors. The Board's Charter states that an independent director is considered to be a non-executive director who is not a member of management and who is free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the independent exercise of their judgement.

Examples of interest, positions, associations and relationships that might cause doubts about the independence of a director include if the director:

- is, or has been, employed in an executive capacity by the entity or any of its child entities and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- is, or has within the last three years been, a partner, director or senior employee of a provider of material professional services to the entity or any of its child entities;

PRIME MEDIA GROUP | CORPORATE GOVERNANCE STATEMENT

- is, or has been within the last three years, in a material business relationship (eg. as a supplier or customer) with the entity or any of its child entities, or an officer of, or otherwise associated with, someone with such relationship;
- is a substantial shareholder of the entity or an officer of, or otherwise associated with, a substantial shareholder of the entity;
- has a material contractual relationship with the entity or its child entities other than as a director; or
- has close family ties with any person who fall within any of the categories described above.

The Board considers and concludes on the independence of its non-executive directors each year. Each non-executive director must provide the Board with all relevant information to enable the Board to make an assessment of that director's independence. The fact that a director has served on the Board for a substantial period does not mean that he or she has become too close to management to be considered independent. The Board regularly reviews the independence of any director who has served on the Board for more than 10 years. All the current non-executive directors are considered to be independent.

Directors must additionally declare potential conflicts of interest, interests in contracts, other directorships or offices held, potential related party transactions, and the acquisition or disposal of Company shares. Under the Board Charter, where a conflict of interest arises or a perceived conflict of interest exists, the director is required to declare the potential or perceived conflict of interest and is then excluded from all Board discussions relating to the issue around which the conflict of interest has arisen.

ROLE OF THE BOARD

The Board is committed to promoting the highest standard of corporate governance in support of long term shareholder value creation. The Board's Charter outlines the roles and responsibilities of the Board and its Committees, and those matters which are the responsibility of management.

The Chair's role and responsibilities are separate from those of the Chief Executive Officer. For more information on the role and responsibilities of the Chair, please refer to the Board's Charter (available on the Company website).

Whilst at all times the Board retains full responsibility for guiding and monitoring the Company, it makes use of two sub-committees (see further below).

BOARD MEETINGS

Board meetings are scheduled approximately seven times per year, with other meetings called as required. Meetings attended by the Directors for the 2017 financial year are set out in the 'Directors Meetings' section of the Directors' Report (within the Annual Report).

APPOINTMENT OF DIRECTORS

In accordance with the ASX Recommendations, the Board succession plan is aimed at maintaining an appropriate size, composition, skills and commitment to enable it to discharge its duties effectively. Before appointing a candidate as a Director, or putting forward a candidate to shareholders for election as a Director, the Company undertakes checks of the candidate's appropriateness, including their experience, education and character.

If a Director is standing for re-election, the notice of meeting sets out information relevant to the decision to re-elect the candidate, including biographical information (including relevant qualifications and experience), details of other directorships held and details of any outside interest and a statement regarding the Board's assessment of the candidate's independence status. The notice of meeting will also state the term of office currently served by the Director. In all cases, the notice of meeting includes the recommendation of the rest of the Board on the appointment or re-election resolution.

One third of Directors (excluding the CEO and any Director appointed to fill a casual vacancy and rounded down to the nearest whole number) must retire at every Annual General Meeting but are able to stand for re-election.

Upon appointment, each Director is provided with a letter of appointment for countersigning, which sets out the terms of their appointment, including their term of office, their remuneration and reimbursement entitlements, duties, rights and responsibilities.

PRIME MEDIA GROUP | CORPORATE GOVERNANCE STATEMENT

INDUCTION OF DIRECTORS AND PROFESSIONAL DEVELOPMENT

Once appointed, all new directors participate in an induction process, which includes provision of Board and Committee Charter documents, and meetings with the Company Secretary and key members of management are arranged so that new Directors acquaint themselves with the Company's business and administration.

The Company would, if requested, provide professional development opportunities for directors to develop and maintain any skills and knowledge needed to perform their role as directors.

ACCESS TO INDEPENDENT PROFESSIONAL ADVICE

Any director who requires legal advice in relation to the performance of their duties as a director of Company is permitted to seek advice, on approval of the Chair, and all costs reasonably incurred are reimbursable by the Company. If obtained and received, such legal advice is made available to the full Board.

BOARD COMMITTEES

REMUNERATION AND NOMINATION COMMITTEE

The composition of the Remuneration and Nomination Committee is set out in its Charter (which is available on the Company website). The make-up of the Remuneration and Nomination Committee during the Financial Year, including the meetings held and individual attendances at those meetings, is set out in the 'Directors Meetings' section of the Directors' Report (within the Annual Report).

The Board has established a Remuneration and Nomination Committee which, in accordance with the Remuneration and Nomination Committee Charter available on the Company website, is responsible for reviewing and making recommendations to the Board in respect of:

- The level and mix of remuneration to the Company's key management personnel and any other senior executive reporting to the Chief Executive Officer, with a focus on ensuring a strong link is maintained between individual and Group performance, pay and reward outcomes, and shareholders' interests.
- Recruitment, retention, performance measurement and termination policies and procedures for non-executive directors, the chief executive officer and key management personnel; and
- The disclosure of remuneration in the Company's public materials including ASX filings and the Annual Report.

Details of the number of meetings of the Remuneration and Nomination Committee held during the year and the attendees at those meetings are set out in the Directors' Report.

AUDIT AND RISK COMMITTEE

The Audit and Risk Committee is responsible for assisting the Board in discharging its responsibilities to safeguard the integrity of the Company and the Group's financial reporting and system of internal control. The Audit and Risk Committee provides advice and recommendations to the Board to assist the Board to fulfil its corporate governance responsibilities. The Committee also provides the Board with additional assurance regarding the reliability of financial information for inclusion in the financial reports.

The Audit and Risk Committee is comprised of three non-executive, independent directors, one of whom is elected annually by the members of the Committee to chair the Committee. The office of chair of the Committee cannot be occupied by the Chair of the Board. Each member of the Committee is financially literate and has sufficient knowledge of the industry in which the Company operates. Details of the qualifications and experience of the members of the Audit and Risk Committee is set out in the Directors' Report, as is the number of meetings and attendance at meetings of the Committee held during the Financial Year.

Details of the number of meetings of the Audit and Risk Committee held during the year and the attendees at those meetings are set out in the Directors' Report. The Audit and Risk Committee Charter is available on the Company website.

PERFORMANCE EVALUATION

BOARD EVALUATION

The Board undertakes periodic evaluation of its performance regarding the role, composition and dynamics of the Board. During this Financial Year, directors adopted an informal performance evaluation process that included a review of the

PRIME MEDIA GROUP | CORPORATE GOVERNANCE STATEMENT

composition of the Board, which lead to a reduction in the size of the Board. On occasion, the Board will undertake an independent third party performance evaluation.

KEY EXECUTIVES EVALUATION

All senior executives enter into written agreements with the Company that set out the terms of their employment, including the term of their employment (if applicable), their remuneration, duties, rights and responsibilities.

The performance of key executives is reviewed annually against the key performance indicators (KPIs) that are set each year for that individual by the CEO. The KPIs are specifically chosen to support both the short and long term strategy objectives for the Company.

The CEO conducts the performance evaluation for all key executives. For the CEO, the performance evaluation is led by the Chairman on behalf of all the non-executive directors, with guidance from the Remuneration and Nomination Committee.

THE COMPANY SECRETARY

The Company Secretary's role is to support the Board's effectiveness. The Company Secretary is accountable directly to the Board through the Chair on all corporate governance matters. Each director has full access to the Company Secretary and the right of access to all relevant Company information.

REMUNERATION

Information regarding the remuneration of non-executive directors, the CEO and other senior executives is provided in the Remuneration Report.

ASX Corporate Governance Recommendation 8.3 is that a listed entity which has an equity-based remuneration scheme should have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme. Participants granted performance rights under the Company's performance rights plan do not bear financial risk associated with participating in the plan, as no payment is required to be made by the participant on grant or on exercise of the rights. In practice, performance rights are only granted by the Company to key management personnel; these people are additionally prohibited, pursuant to s206J of the *Corporations Act 2001* (Cth), from entering into an arrangement that would have the effect of limiting their exposure to risk relating to an element of their remuneration that has either not vested or has vested but remains subject to a holding lock.

The Company's Securities Trading Policy explicitly states that a Restricted Person or Associate who holds unvested or vested securities under an incentive scheme must not enter into any transaction that is designed or intended to limit their exposure to those securities.

RISK MANAGEMENT FRAMEWORK

The Audit and Risk Committee oversees the Company's risk management framework. A review of the risk management framework has been undertaken for the Financial Year and is conducted at least once annually.

Part of the Audit and Risk Committee's mandate is to oversee the adequacy of the controls established by management to identify and manage areas of potential risk and to safeguard the assets of the Group. The Executive Risk Management team maintains a risk register and matrix and reports to the Audit and Risk Committee on a quarterly basis, as well as keeping the Committee informed on an ad hoc basis if a material risk emerges.

The Committee's mandate also involves conducting regular reviews of the key strategic and emerging risks for the Group. The Audit and Risk Committee reviews, evaluates and reports on the procedures in place to ensure compliance with all laws and regulations (particularly those which have a major potential impact on the Group) and the procedures in place to ensure compliance with insider trading laws, continuous disclosure requirements and other best practice corporate governance processes.

Risk management focuses on strategic, financial, operational and legal/compliance risks. During the period, the Company sought to comply with AS/NZS ISO31000:2009 Risk Management to identify and manage risk. Certain specific risks are covered by insurance policies that the Group has in place.

The Audit and Risk Committee has access to adequate internal and external resources (including access to advice from external consultants or specialists) to carry out its activities and may obtain information from, and consult with, management.

PRIME MEDIA GROUP | CORPORATE GOVERNANCE STATEMENT

The Audit and Risk Committee may also obtain independent professional advice to assist with the discharge of its duties and can access the Company's external auditors (without management present) to seek explanations and additional information from them.

The Company does not have an internal audit function as the Board believes that the size and nature of the Company's operations currently do not warrant a separate internal audit function. The Company's external auditors are tasked with reviewing the effectiveness of the risk management and internal control processes twice per Financial Year. In addition to the Operating and Review section of the Directors' Report, the Company has exposure to the following risks due to the industry environment within which it operates:

- Fluctuations in consumer demand that impact advertising revenues, which the Company manages by ensuring it continues to maintain a strong advertising sales team and strong relationships with advertisers and agencies;
- Change to the operating, market or regulatory environment as a result of changes in government media policy, which the Company seeks to manage by engaging with policy-makers and stakeholders to ensure that the interests of the Company and its shareholders are represented; and
- Impact of new media technologies, which the Company monitors to assess and manage its risk;
- The rate of new employee hires and staff turnover, including amongst key executives; and
- Potential breaches of the Company's Code of Conduct, Continuous Disclosure Policy or Privacy Policy.

DECLARATIONS FROM THE CHIEF EXECUTIVE OFFICER AND CHIEF FINANCIAL OFFICER

Before the Board approves the Company's financial statements for a financial period, the Chief Executive Officer and the Chief Financial Officer provide to the Board a declaration that, in their opinion, the financial records of the entity:

- Have been properly maintained;
- Comply with the appropriate accounting standards;
- Give a true and fair view of the financial position and performance of the Company;
- The opinion has been formed on the basis of a sound system of risk management; and
- Internal control has operated effectively.

EXTERNAL AUDITOR

The Company's external auditor attends the Annual General Meeting of the Company and is available to answer questions in relation to the audit. On an annual basis, the Audit and Risk Committee assesses the external auditor's independence by reviewing factors, such as the auditor's relationship with any Group entity, that may impair (or be perceived to impair) the external auditor's judgement or independence.

The Company's Diversity Policy is available on the Company website. The Board, in consultation with the Remuneration and Nomination Committee and management (where appropriate), is responsible for overseeing the implementation and monitoring of the Diversity Policy. The Diversity Policy is assessed by the Remuneration and Nomination Committee annually, and if considered necessary or desirable, the Diversity Policy may be amended.

In the Financial Year, the Board established four measurable objectives relating to diversity initiatives in accordance with ASX Corporate Governance Recommendation 1.5(c), to:
